

East Meadows Homeowners Snow Removal Priority List

KMPUD is using a priority route system for snow removal that will allow operators to clear driveways of occupied residences before unoccupied residences during snow events. Every day a Residency list will be generated and distributed to the snow removal operators. In order to be included in the residency list the next time you or your guests plan to be in residence at your Kirkwood home:

1. **Log in to My Account at www.kmpud.com**
2. **Click Manage Snow Removal**
3. **Input your Arrival Date and Departure Date in the Notes section**
4. **Click Set Notification**

Please enter mid-week arrival dates at least one day before arrival, and weekend arrivals two days before arrival. In order to maximize District efficiency, the List will be automatically generated and distributed through the website, so all notifications must be entered at www.kmpud.com. If you have any questions on how to log a notification or need help setting up your account, please contact our office at [209-258-4444](tel:209-258-4444).

We urge you to please try to use the Residence list only when you think you are going to be in Kirkwood and please update the list if you are not able to be here or if you plan to leave sooner than expected.
